

ATTENTION

ONLINE BANKING SECURITY UPDATES

To better protect your information, BNB is updating security measures for online banking. Starting Tuesday, August 5th, a one-time password (OTP) using text or phone call will be required when logging into your online banking account.

Each OTP is only valid for one use and expires after a short time. Even if someone knows your password, they cannot gain access without your OTP. It's quick, easy, and adds a strong layer of security to your online banking information!

Please make sure you have a current phone number with us. This ensures a smooth and easy log in process for you! If you have any questions or concerns, give us a call or stop by any BNB location!

How it works

- 1 Log into your BNB online banking account
- 2 You will receive a code via text or phone call
- 3 Enter the code to verify it's really you
- 4 Done! You're securely signed in!

NEW YEAR, SMART BANKING!

It's time to think Back-to-school!

Gear up for the new school year with Bradford National Bank. Whether you're heading to campus or helping your kids get ready for class, we make it easy to manage your money on the go.

Open a checking or savings account online in minutes—no need to visit a branch

Enjoy secure digital banking, 24/7 account access, and tools designed for students and families.

Teach teens financial responsibility with our easy-to-use accounts.

NEW! DEBIT CARDS ARE NOW AVAILABLE FOR YOUNG TEENS.

Debit cards are available for young teens. The process is straightforward, and account parameters can be set to monitor spending. The card can also be turned on and off as needed. **100% parental control.** For more information, please contact the bank.

Make this school year your best yet—financially organized and stress-free!

SHOPPING FOR A NEW HOME?
